November 9, 2022

To our valued friends,

We are happy to announce that Andy Pope & Drew Ryan have purchased jpw systems.

Both have been an integral part of the company with over 21 and 18 years' experience respectively. They have been involved in the growth of the company since its inception in July 2000 and together have helped us grow and diversify the products and solutions that jpw systems offers.

Our staff and values remain in place as we embark on the next chapter, continuing to provide the same high quality service and solutions that you have come to expect. This includes Paul and Joanne Wraith who will stay on in advisory roles.

We look forward to connecting and providing more information in the near future.

Yours truly,
jpw systems ltd.
